DONOR PRIVACY POLICY

This section of our Privacy Policy relates specifically to donors. Read our website privacy policy above.

Latina SafeHouse is committed to respecting your privacy as a donor. We have developed this privacy policy to inform donors of how their personal information is collected, used and safeguarded. This policy applies to all information collected by Catholic Charities of Baltimore, both online and offline, as well as through electronic, written or oral communications.

Use and Disclosure of Personal Information

- We do not sell, trade, or share personal information collected online or through other business activities with any third party.
- We do not send mailings on behalf of other organizations.
- Donor names may publicly be associated with their donation unless the donor explicitly chooses to remain "anonymous" when donating, or otherwise notifies us of their wish to remain anonymous.
- Donors have the right to request their personal information that we have collected about them.
- Donors have the right to opt out of electronic or postal mail communications at any time.

Personal Information

"Personal Information" includes, but is not limited to, name, address, telephone number, and email address that may personally identify a person or corporation. We may collect, store and use personally identifiable information that donors provide to us in the following ways:

1. When a person requests information through our website or otherwise contacts us in person, by phone or email, then we may use their name, address, telephone number or email address in order to respond to their inquiry.

2. When a person registers for an event or makes a financial contribution online, over the telephone, by mail or in person, then we may collect legal name, billing address, email address, telephone number and payment information in order to:

- Process financial payments and protect against potential fraud.
- Distribute gift receipts.
- Thank and recognize donors for their gifts.
- Inform donors about upcoming events, activities and impact of their gifts.
- Perform internal analysis and record keeping.

The above list is a sample of personal information that may be collected by Latina SafeHouse.

Information Safeguards

We protect the security of credit card transactions using several measures such as encryption, access controls, network firewalls, and physical security. These measures make it extremely difficult for anyone to intercept the credit card information we send to us. When we work with other companies to process credit card transactions, those companies also use encryption and other appropriate security measures.

To request that your information remain "anonymous," review of personal information be left out of our communications, or for any other donor-related questions, please contact:
